

How to Upgrade from Windows 10 S to Full

Removing Windows 10 S is simple, free and doesn't require reinstalling the whole operating system. To upgrade to full Windows, follow these steps:

1. **Hit Windows Key + X** then **select System** from the menu that appears.
2. **Scroll down and click "Change product key or switch to Windows 10 Pro"** (on yours it might be "Windows 10 Home").
3. **Click "Go to Store."** You'll be transported to a page in the Windows Store.
4. **Click Get.** The button changes.
5. **Click Install.**
6. **Click "Yes, Let's Go."**
